#### 5. I-MADE Exhibition Icone Luce @ Saatchi Gallery

Icone Luce will take part in the I-MADE exhibition at the Saatchi Gallery, co-ordinated by architect Giulio Cappellini. Some of its most iconic products - Canaletto, Luà, Gru, Tecla - will be realised in different finishes to perfectly blend with the architectural context of the Gallery and the entrance will be enlightened by the Arbor floor lamps.

#### 3. Riddle Bert Frank @ [d]arc room

The Riddle chandelier is a versatile and stunning collection of pendants. It produces a beguiling light effect created from not only each individual light source but the effect each one has on the neighbouring shade. The highly-engineered perforated brass shades with a fabric insert, casts a soft, warm light.

#### 6. The Flame Embassy Interiors @ 100% Design

The Flame makes full use of mouthblown glass - slight differences in its thickness gives the lamp a depth and sculptured feel. Art Deco in its origins but suited to a variety of interiors, the Flame is completed with a pressed metal top, which is hand finished in chrome or brass.
